Title: "Reduced fetal growth velocities and the association with neonatal outcomes in appropriate-for-gestational-age neonates: a retrospective cohort study"

Version: 2 Date: 05 Dec 2018

Reviewer: Russell L Deter

Reviewer's report:

The authors have corrected or added all the additional information needed to complete their manuscript. However, this reviewer would suggest use of 'actual values' instead of 'absolute values' in the Methods section as 'absolute values' implied 'without the sign' in mathematical descriptions.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
