Reviewer’s report

Title: A much valued tool that also brings ethical dilemmas - A qualitative study of Norwegian midwives' experiences and views on the role of obstetric ultrasound

Version: 1 Date: 01 Nov 2018

Reviewer: Shripad Hebbar

Reviewer's report:

Dear Editor

I think authors have answered the queries I have raised adequately. I also went through the responses of the authors to the other reviewer and I am of the openion that all issues have been adequately addressed. All together it was a new experience to review this kind of research based on qualitative assessment.

Thanking you

Dr Shripad Hebbar

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes
Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
