Title: Mother-Infant Bonding is not Associated with Feeding Type: A Community Study Sample

Version: 1 Date: 19 Jun 2018

Reviewer: Karen Cowgill

Reviewer's report:

Thank you for your comprehensive response to the comments. The manuscript is clearer, although there are still some minor points I suggest addressing:

1. Needs copy editing for sentences starting with numbers that are not spelled out, many typos

2. I'm still concerned that the authors refer to "a sample of 271", implying that it was selected, rather than saying that this was a convenience sample, internet-based survey

3. Authors have still not phrased interpretation of the Bayes’ Factor clearly

4. Legend for Table 2 -- please specify if this shows mean (sd)

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.
