Title: Adherence to guidelines and suboptimal practice in term breech delivery with perinatal death- a population-based case-control study in Norway

Version: 0 Date: 15 Jul 2019

Reviewer: Ageeth Rosman

Reviewer's report:

It is a nicely written manuscript of a highly relevant topic. I only ask myself why the audit is done by only obstetricians and no midwives or others involved in perinatal care. Sometimes an audit from another perspective can reveal new information.
