Reviewer’s report

Title: Women’s experiences of a diagnosis of gestational diabetes mellitus: a systematic review

Version: 0 Date: 20 Oct 2019

Reviewer: Ewa Wender-Ozegowska

Reviewer's report:

This review presents some interesting information considering the psychological aspects of GDM.

Authors responded in my opinion to all comments given by reviewers and in my opinion it can be published without any other corrections.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:
