Reviewer’s report

Title: Women’s experiences of a diagnosis of gestational diabetes mellitus: a systematic review

Version: 1 Date: 06 Jan 2020

Reviewer: Giovana Vesentini

Reviewer's report:

The authors present a qualitative systematic review to identify the psychosocial experiences of GDM diagnosis during pregnancy and postpartum. They responded to the comments given by reviewers and my recommendation is that the manuscript can be published.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
