Reviewer's report

**Title:** Next generation sequencing of exceptional responders with BRAF-mutant melanoma: implications for sensitivity and resistance

**Version:** 2  **Date:** 21 November 2014

**Reviewer:** Rene Bernards

**Reviewer's report:**

The authors have only dealt with my comments by changing the wording, the main point remains that the conclusions are weak at best.

**Level of interest:** An article of limited interest

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

no conflict of interest
