Reviewer’s report

Title: Impact of kinesin Eg5 inhibition by 3,4-dihydropyrimidin-2(1H)-one derivatives on various breast cancer cell features

Version: 5 Date: 23 February 2015

Reviewer: anna ivana Scovassi

Reviewer’s report:

The MS has been improved accordingly to the requests of the reviewers. However, a "marked" copy was not provided, so the identification of the changes was hard.

In the present form, the paper is acceptable.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
