Reviewer’s report

Title: A case of metastatic renal cell carcinoma and bile duct carcinoma treated with a combination of sunitinib and gemcitabine

Version: 2 Date: 13 April 2015

Reviewer: Lothar Bergmann

Reviewer’s report:

The authors modified their manuscript according to the points of criticism.

However, they still indicate that the pharmacokinetics and plasma levels of sunitinib may be elevated by the combination with gemcitabine but they do not have any comparative data or other evidence-based rational explanations. This should be clarified in the manuscript.

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
