Reviewer’s report

Title: 17-beta-estradiol induces stearoyl-CoA desaturase-1 expression in estrogen receptor-positive breast cancer cells

Version: 2  Date: 1 May 2015

Reviewer: Gabriella Castoria

Reviewer’s report:

The Authors have addressed the concerns raised in my previous revision. Specifically, the role of estradiol receptor in the reported findings has been investigated using both anti estrogens and siRNA approach. The manuscript is now suitable for publication in BMC Cancer.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
