Reviewer’s report

**Title:** Intratumor cholesteryl ester accumulation is associated with human breast cancer proliferation and aggressive potential: a molecular and clinicopathological study

**Version:** 5  
**Date:** 26 February 2015

**Reviewer:** Rafat Siddiqui

**Reviewer’s report:**

I am satisfied with authors response to my concerns.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.

**Declaration of competing interests:**
