Reviewer's report:

Dear Ms. Battad,

Thank you for the message and the opportunity to look at the revision. I have reviewed the revised manuscript and figures. I think the authors have adequately addressed my concerns where possible, and explained where appropriate how addressing other concerns would be better suited for a follow-up study. Please let me know if you need any additional information. I will copy/paste this information into the online system as well.

Thanks and best wishes,

Dana
