Reviewer's report

Title: Oxalate induces Breast Cancer

Version: 2 Date: 16 March 2015

Reviewer: Hari Koul

Reviewer's report:

Major Compulsory Revisions:
1) Data presented in the manuscript lack statistical analysis. Please include appropriate analysis to strengthen the conclusions.
2) Characteristics of mammary tumors formed in mice in vivo needs additional details, including tumor size, tumor type and benign vs malignant growth.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
