Reviewer's report

Title: Both Talin-1 and Talin-2 correlate with invasion and migration in human hepatocellular carcinoma

Version: 2 Date: 29 May 2015

Reviewer: Ka Wai K Au-Yeung

Reviewer's report:

Comments to the Author
This manuscript is not well prepared because of poor English writing. The article may be accepted after revision.

Major compulsory revisions
1. Grammatical mistake were found in the text.
3. The differential expression of TLN-1 and TLN-2 in different cell lines should be provided (at least as supplementary data).
4. Figure 2C, the mRNA expression of TLN-1 and TLN-2 were not in line with the histogram provided. No significant difference can be seen from the bands provided.
5. Figure 2F and G, the y-axis stated with gene expression are not appropriate. Are they protein level?
6. Please quantify the results in Figure 3 in histograms and the quality of scratch assay are poor.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Not suitable for publication unless extensively edited

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
