Reviewer’s report

Title: Underutilization and disparities in access to EGFR testing among Medicare patients with lung cancer from 2010-2013

Version: 2 Date: 08 Feb 2018

Reviewer: Kate Eddens

Reviewer's report:
I believe this revised manuscript is markedly improved, and is a clear and compelling read that will be easy to understand for interested readers. Thank you for your responsiveness! This is an important work that will contribute to the reduction in disparities in EGFR testing, and it will make a great contribution to the fields of health disparities and lung cancer research.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.
Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.
Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.
Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
I am able to assess the statistics
