Title: Gallbladder Cancer: Review of a Rare Orphan Gastrointestinal Cancer with a Focus on Populations of New Mexico

Version: 0 Date: 24 Apr 2018

Reviewer: Marcus Tan

Reviewer’s report:

This is a well-written and comprehensive review of gallbladder carcinoma. The depth of focus on American Indian and Hispanic populations in New Mexico is appropriate, and draws upon the South American experience. Inclusion of discussion of access to care issues and disparities was well done.

I would suggest inclusion of a figure highlighting differences in incidence, prognosis and stage at presentation among the New Mexico populations, compared to the rest of the USA.
