Reviewer’s report

Title: Gingival metastasis from primary hepatocellular carcinoma: a case report and literature review of 30 cases

Version: 2 Date: 14 Jul 2019

Reviewer: Jumpei Kashima

Reviewer's report:

The revisions are adequate. The manuscript have become much clearer and easier to read.

The result of the survival analysis may have been also biased by the fact that 20% of the previous case reports lack survival information (Table 1). This aspect should be noted in the discussion part.
