Reviewer's report

Title: Patient Experiences in Retinal Trials: a Cross-sectional Study

Version: 3 Date: 22 April 2015

Reviewer: Rhonda G Kost

Reviewer's report:

Major compulsory revisions: No additional revisions
1. The authors have attended to all the concerns raised concerning description of methods including face validation of the survey.
2. The authors have addressed consecutive sampling, the potential influence of conducting the survey on-site, and "benefit" questions with appropriate revision to the text.

Minor essential revision: No additional revisions
3. The duplicate figure has been removed.

Discretionary revision: No additional revisions
4. The authors have strengthened the references provided.
5. The authors address the limitations of informed consent and voluntariness.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
