Reviewer’s report

Title: Binocular function to increase visual outcome in patients implanted with a diffractive trifocal intraocular lens

Version: 3 Date: 21 May 2015

Reviewer: G Kahraman

Reviewer’s report:

Major Compulsory Revisions

The authors should describe the Patient Satisfaction criteria and results at the results section.

Minor Essential Revisions

How was the Study IOL centration? How important the centration of this IOL for near vision?

Discretionary Revisions

A frontal picture/diagram of the Study IOL with detailed information would be helpful to the readers.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
