Title: Intraocular Foreign Bodies Extracted by Pars Plana Vitrectomy: Clinical Characteristics, Management, Outcomes and Prognostic Factors

Version: 3 Date: 2 August 2015

Reviewer: Takashi Ueta

Reviewer’s report:

Dr. Nicoara et al. reported their own experience of the cases with intraocular foreign bodies. Although the presented results are not new, the manuscript is well written and scientifically sound. The manuscript will be interesting and educational for the readers of BMC ophthalmology. This paper can be accepted as it is.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
