Title: Femtosecond laser-assisted cataract surgery in a public teaching hospital setting

Version: 1 Date: 12 Dec 2017

Reviewer: Jacqueline Busingye

Reviewer's report:

Most of the minor grammatical mistakes have been improved and more clarification has been given about the surgeries which is appreciated. This study is limited by size and surgeon experience. Although there are other studies/ experiences on this topic there is a need for more studies to help give better guidance especially to teaching institutions.
