Reviewer’s report

Title: Surgical factors affecting oculocardiac reflex during strabismus surgery

Version: 1 Date: 14 Oct 2017

Reviewer: Vivek Warkad

Reviewer's report:
I re-read the manuscript written by Dr Suk-Gyu Ha titeled as "Surgical factors affecting oculocardiac reflex during strabismus surgery" with a great interest

Review Comments:
I appreciate author efforts to correct the last review though I have one comment to make conclusion better

1-1 Line 222-223: I would suggest author to reconstruct sentence in conclusion. Please replace these two sentence "It should be considered while operating first extra ocular muscle in strabismus surgery. Surgeon needs to be more careful about during strabismus surgery", by "Surgeon needs to be more careful while operating first extraocular muscle in strabismus surgery"

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.
Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.
Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.
Yes
Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

Not relevant to this manuscript
