Reviewer’s report

Title: A Comparison of Pediatric Ocular Injuries Based on Intention in Patients Admitted with Trauma

Version: 0 Date: 11 Oct 2018

Reviewer: Ilana B. Friedman

Reviewer's report:

The authors are to be congratulated on their manuscript. It is well designed and written. The conclusions are well written and supported by their data. The one critique is that there are many statistics which make reading it quite dense and the tables are of fair quality. This may be difficult for some readers. Overall well done.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
Quality of written English
