Reviewer's report:

Dear Dr. Xudong Huang

thanks for the efforts done. I would recommend modifying the paragraph in page 6 lines 13-17 being not linguistically clear. instead of "Five eyes of the rabbits from experimental group wererespectivelyenucleatedon post-operative 1 week, 1 month, 2 and 4 months for the following experiments"

I would suggest " Five eyes of the rabbits from the experimental group were respectively enucleated and immediately fixed for subsequent examination at 1 week, 1 month, 2 and 4 months postoperatively
