Reviewer’s report

Title: Incidence of Retinopathy of Prematurity Type 1 and Type 2 in a Regional Hospital of Social Security in the State of Queretaro, Mexico (2017-2018)

Version: 1 Date: 23 Jan 2019

Reviewer: Michael Paul Blair

Reviewer's report:

The authors present ROP characteristics in Queretaro, Mexico. It is important to characterize ROP populations outside the US and Canada so this is valuable.

My only comment is that Table 2 presents ages with an 's' presumably for 'semana' but this should be replaced by 'w' for 'week'.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
