Reviewer’s report

Title: Visual and Optical Quality Outcomes of SMILE and FS-LASIK for myopia in the very early phase after surgery

Version: 1 Date: 12 Nov 2018

Reviewer: Alejandro Tello

Reviewer's report:

In page 4, line 27, the authors indicate that CDVA was determined using a standard Landolt visual acuity (VA) chart, and then converted to a logarithm of the minimal angle resolution (logMAR) visual acuity for statistical analyses.

It is correct, but it is necessary that at least one time they mention the LogMAR equivalent. Therefore in page 5, line 4 the sentence: "The ratio of visual acuity of <0.3 and <0.1 at different time points ..." should read: "The ratio of visual acuity of <0.3 (LogMAR 0.525) and <0.1 (LogMAR 1.0) at different time points ..."

The same must be included in the caption of figure 1. It reads: Number of eyes recovered below 0.3 and 0.1 of patient undertaken SMILE or FS-LASIK. It should read: Number of eyes recovered below 0.3 (LogMAR 0.525) and 0.1 (LogMAR 1.0) of patients undertaken SMILE or FS-LASIK.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes
Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

None
