Reviewer’s report

Title: Diagnostic accuracy of optical coherence tomography angiography for choroidal neovascularization: a systematic review and meta-analysis

Version: 0 Date: 01 May 2019

Reviewer: Adam Wyłęgała

Reviewer's report:

Overall very interesting study that has important clinical implications. I would recommend to discuss the Fluorescein Angiography compared to OCT-A in the parameters mentioned in the manuscript.

Please describe what you mean:

Negotiations were utilized to settle down disagreements to achieve consistent conclusions.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
