Title: Incidence and risk factors of Retinopathy of Prematurity in three neonatal intensive care units in Palestine

Version: 2 Date: 20 Jun 2019

Reviewer: Graham E. Quinn

Reviewer's report:

This paper is much improved in this version though there are still areas of redundancy. for example, the incidence of ROP in various countries is repeated several times - once in para 2 of intro, again in para 2 of the discussion and similar data in table 6.

the discussion is again overlong
