Reviewer’s report

Title: Effect of Corneal Cross-linking on Endothelial Cell Density and Morphology in the Peripheral Cornea.

Version: 0 Date: 17 Feb 2020

Reviewer: Tanya Trinh

Reviewer's report:

This is a simple elegant article which looks at the short term effect of CXL on endothelial integrity at the corneal periphery. Do the authors routinely assess peripheral endothelial cell counts in all six areas for their patients? If so, it may be pertinent to mention this in their methods. It would be interesting to follow up this article with similar results with longer term follow up. There are some minor grammatical corrections and phrases that would improve on this article. Line 75 - the phrase in brackets does not make grammatical senseLine 90 - "that" not thanLine 95 - "administered" not administratedLine 165 - "caution" not carefulnessLine 167 - "that" affect, not that can affect

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:

Needs some language corrections before being published
Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.
