Reviewer's report

Title: Infant and Child Feeding Index Reflects Feeding Practices, Nutritional Status of Urban Slum Children

Version: 4  Date: 21 October 2014

Reviewer: Elizabeth Kimani-Murage

Reviewer's report:

I am satisfied with the revisions. One minor comment is that the authors should ensure that all abbreviations are spelt-out at first mention in the text. For example in the revisions the authors introduced WAZ, WLZ and LAZ on line 68 (background) but did not spell-out. Also in the abstracts (results), the authors use LAZ and BAZ without spelling out first. I would also have been happier if in the Key words/phrases, the authors spelt out ICFI.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
