Reviewer's report

Title: Nutrition promotion approaches preferred by socioeconomically disadvantaged Australian adolescents: a qualitative study

Version: 3 Date: 8 December 2014

Reviewer: Andrea Goldschmidt

Reviewer's report:

Overall, the authors have done a very nice job responding to my reviews. The manuscript is much improved as a result. My only remaining comment is to correct the following typographical error: On page 4, the first sentence should read "Adolescents experiencing socioeconomic disadvantage..."

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
