Reviewer's report

Title: Lung ultrasound: a useful tool in diagnosis and management of bronchiolitis

Version: 2 Date: 24 March 2015

Reviewer: Marco Caruselli

Reviewer's report:

Minor essential revisions:
Page 2, line 59: LUS - It's better to explain the acronym when it appears for the first time
Page 2, line 72: it's better to write "statistically significant"
Page 3, line 100: it is better to cite a bibliographic reference
Page 6, line 193: it's better entitle the chapter "Statistical Analysis"
Page 7, lines 212-215: the text is unclear. How many infants are VRS positives?

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
