Title: Prevalence and associated factors influencing stunting in children aged 2-5 years in the Gaza Strip-Palestine: a cross-sectional study

Version: 2 Date: 17 Apr 2017

Reviewer: Daniel Hoffman

Reviewer's report:

While many improvements to this manuscript have been made, the writing of the text has not improved to the point that the paper would be suitable for publication in a major international journal. Unfortunately the writing and structure of the manuscript are still poor and not consistent with what is published in this journal or others of similar importance.
