Reviewer’s report

Title: Genetic and clinical characteristics of Chinese children with Glucokinase-Maturity-Onset Diabetes Of The Young (GCK-MODY)

Version: 1 Date: 20 Dec 2017

Reviewer: Mark A. Magnuson

Reviewer's report:

The authors have responded in an appropriate manner to my prior comments. Except for several areas where there weak usage of English, the manuscript has been significantly improved.

I only have one minor suggestion for improvement prior to publication. Specifically, I am confused by the sentence in the Methods section (line 171) referring to 13 genes associated with MODY and other 31 monogenic diabetes genes. It is suggested that the authors change this to "44 genes", and then list the genes. This reviewer considers the terms "MODY genes" and "monogenic diabetes genes" to be overlapping.

Are the methods appropriate and well described?  
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?  
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?  
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?  
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

Quality of written English

Please indicate the quality of language in the manuscript:

Needs some language corrections before being published
Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests.
