Thank you for the opportunity to comment on this important project. I am happy to accept this paper based on the author responses; my only minor concern relates to the vagueness of the timeline. While I appreciate the authors may not be able to confirm a specific timeline, at least some statement on the likely feasibility of on-boarding sites and completion of the proposed work would strengthen the protocol.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Unable to assess

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
