Reviewer’s report

Title: The mediating effect of dietary patterns on the association between mother's education level and the physical aggression of five-year-old children: a population-based cohort study

Version: 1 Date: 23 Apr 2020

Reviewer: Matthew Landry

Reviewer's report:

Thank you for the opportunity to review this manuscript again. Additional details within the methods have been provided by the authors which provide greater clarity. The authors have thoroughly responded and addressed the concerns that I raised as well as the other reviewer. I have no further comments or requests for revision.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:
