Reviewer’s report

Title: Implementation of Internet-delivered cognitive behavior therapy within community mental health clinics: a process evaluation using the Consolidated Framework for Implementation Research

Version: 0 Date: 18 Mar 2017

Reviewer: Sharon Lawn

Reviewer's report:

It is refreshing to see a study that is underpinned by theoretical constructs from the implementation science field. This provides an additional and very useful layer of analysis with which to understand the processes and outcomes of research. I concur with the comments made by the first reviewer.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
