Reviewer’s report

Title: Periodic catatonia with long-term treatment: a case report

Version: 0 Date: 09 Feb 2017

Reviewer: James Wilcox

Reviewer's report:

This is an interesting paper on an important subject.

There are no statistics to review and that is fine for this kind of report.

I have no strong objections to this paper, however, the English usage is occasionally awkward.

It would be good to have a native English speaker review the grammar and usage of the language.
