Reviewer’s report

Title: Attentional bias modification in reducing test anxiety vulnerability: A randomized controlled trial

Version: 3 Date: 10 Oct 2017

Reviewer: Lauren Hallion

Reviewer's report:

The authors have adequately addressed my concerns. I have one additional minor recommendation, which is to use the term "wait list control group" instead of "blank group" because the former is more conventional and easily understood.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
