Reviewer’s report

Title: The effect of seasonal changes and climatic factors on suicide attempts of young people

Version: 0 Date: 11 May 2017

Reviewer: Saxby Pridmore

Reviewer's report:

Two minor typographical points - the authors use the acronym BAT, without defining it (as far as I can see), and the words "These towards" could use and additional word.

The authors write this information will be valuable for "developing preventive health-care measure" and "in order to reduce suicidal behavior - which is doubtful (in my opinion) and could be removed.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I recommend additional statistical review

Quality of written English
Please indicate the quality of language in the manuscript:
