Reviewer’s report

Title: Health care use, drug treatment and comorbidity in patients with schizophrenia or non-affective psychosis in Sweden: A cross-sectional study.

Version: 0 Date: 27 May 2017

Reviewer: Nobutaka Ayani

Reviewer's report:

Comment #1

The manuscript contain a number of unnatural sentences that need correction (English language editing).

Comment #2

It is unclear why you focused on the comparison of the schizophrenia patient group with the NPA patient group, and how do you think the severity or treatability of the NAP patients compared with the schizophrenia patients.

How do you think healthcare provider should manage provide treatment to the NAP patients? You should describe the clinical implications for the treatment to the NAP patients.

Comment #3

In the paragraph of "Prevalence by age and gender" in Results section, median age for the NAP patients was 50 (P.6, line 146), whereas the median age was 48 in Table 1. You should correct this inconsistency.

Comment #4

In Table 1, you should add a quartile range to "Age (median)".

Comment #5

In Table 2, sum of percentages of Psychiatric care and No Psychiatric care is over 100%. You should correct this inconsistency.
