Reviewer’s report

Title: Personality dimensions emerging during adolescence and young adulthood are underpinned by a single latent trait indexing impairment in social functioning

Version: 0 Date: 16 Oct 2017

Reviewer: Joel Paris

Reviewer’s report:

This excellent paper confirms the findings of Caspi et al (2014) in a large community sample. The only question is whether the model is suitable for use in clinical populations; this could be a further step in the research program.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:
