Reviewer’s report

Title: Functional recovery in patients with schizophrenia. Recommendations from a panel of experts

Version: 2 Date: 04 Apr 2018

Reviewer: Erika Jaaskelainen

Reviewer's report:

The authors have done good work with the revision. The manuscript now reads well. I have only minor comment: In Conclusion the authors say that there were 57 psychiatrists, but the number should be 53?

I think this manuscript is now good for publication.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
