The authors have adequately responded to the reviewers’ comments. There are still some minor typos to be corrected before publication:

Line 25: change „His was…” to „He was…”

Line 26: change "…for the presentation" to "…at presentation"

Line 75: change "…less pronounced that the…” to "…less pronounced than the…”

Line 94: change "□G") to "□GT" and add normal range for this value.

Line 121: change "24-EEG" to "24h-EEG"

Besides these minor issues, I have no further comments.
