Reviewer's report:

Thank you for giving me the opportunity to read and review this paper with the title of: "Efficacy of an Internet-based Exposure treatment for Flying Phobia (NO-FEAR Airlines) with and without therapist guidance: A randomized controlled trial".

I found literature review is sufficient and thorough. Also methodology, result and discussion sections are clear.

I may suggest to comment on the results of the waiting list group members after they completed the intervention, is there a significant statistical difference between the two intervention methods?

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
