Title: Post Traumatic Stress Symptom Variation Associated with Sleep Characteristics

Version: 1 Date: 02 Jan 2020

Reviewer: Nicole Short

Reviewer's report:

This is a revision of a previously reviewed manuscript (BPSY-D-19-00855). The authors did a thorough job of responding to comments and the quality of the already strong manuscript has increased. There remain some minor details to be addressed. 1. I appreciate that the authors confirmed that all participants had a qualifying traumatic event, but please specify how this was determined. 2. Similarly, please discuss the theorized sleep factors and provide references.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
