Reviewer's report

Title: A novel quantitative body shape score for detecting association between obesity and hypertension in China

Version: 3 Date: 25 November 2014

Reviewer: Jong Yeol Kim

Reviewer's report:

Authors need to seek new index superior to existing indeces, especially in men.

Level of interest: An article of insufficient interest to warrant publication in a scientific/medical journal

Quality of written English: Not suitable for publication unless extensively edited

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
