Reviewer's report

**Title:** Association between Gender Inequality Index and child mortality rates: A cross-national study of 138 countries.

**Version:** 3  **Date:** 18 September 2014

**Reviewer:** Srinivas Goli

**Reviewer's report:**

Though, the response to my comments is not completely satisfactory but with an elaborate limitation section on the points I have raised, I would like to recommend this paper for publication. However, authors should be advised to write a limitation section on the entire potential drawback pointed out by both reviewers because they are very important before drawing conclusions.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** Yes, and I have assessed the statistics in my report.
