Reviewer's report

Title: Impact of the joint association between sex, age and diabetes on long-term mortality after acute myocardial infarction

Version: 3 Date: 16 February 2015

Reviewer: Athanasia Papazafiropoulou

Reviewer's report:

the only comment that I have to made is that information regarding the duration of diabetes as well as glycemic control are needed for the analysis.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
