Reviewer's report

**Title:** Biting off more than we can chew? The use and cumulation of evidence from modelling studies to inform policy on food taxes and subsidies.

**Version:** 4  **Date:** 14 February 2015

**Reviewer:** Lennert Veerman

**Reviewer's report:**

I am happy with the article as it stands and congratulate the authors with this well-considered paper.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I have contributed to some of the modelling work that is the subject of this paper.
